

OPTIONAL ACCESSORIES

- * (1001) Coolant and dust suction system
 - * (1002) Coolant and dust suction system c/w a magnetic dust separator.
 - * (1003) Coolant system
 - (1004) Dust suction system
 - (1005) Electro-magnetic chuck (500 × 250 × 70m/m)
 - (1006) Permanent magnetic chuck (500 × 250 × 66m/m)
 - (1007) Electro -magnetic chuck, inclining type
 - (1008) Permanent magnetic chuck, inclining type
 - (1009) Spare Grinding wheel adaptor
 - * (1010) Automatic demagnetizing controller
 - * (1011) NC downfeed controller
 - * (1012) Micro feeder for vertical movement
 - * (1013) AC motor speed commander
 - (1014) Swivel vise
 - * (1015) Hand dresser mounted on wheel head
 - (1016) Grinding wheel balancing apparatus
 - (1017) Demagnetizer
 - (1018) Radius dressing device
 - (1019) Angle dressing device
 - (1020) Diaform wheel forming equipment
 - (1021) Plane vise
 - (1022) Cylindrical grinding attachment / punch former
 - (1023) Sine plates
 - (1024) Sine vise
 - (1025) Optical-dresser device with microscope (× 10)
 - (1026) Digital readout for cross/vertical movement
 - * (1027) Dial indicator for vertical movement
 - * (1028) Dial indicator for cross movement.
- (Note: The marks "*" to be installed at factory)
