

# GUARANTEED LONG LASTING MACHINING ACCURACY

ENM Universal cylindrical grinding machines offer reliable precision and high efficiency

## G27-55AGC

- Swing over table: 270mm
- Center distance: 550mm
- Wheel size: 405mm

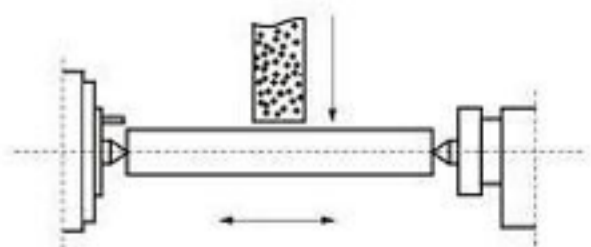

- Hydrodynamic bearings for wheel spindle
- Handscraped ways
- Forced lubrication to all ways
- Repeatability of wheelhead to  $\pm 0.0025\text{mm}$
- Heavy ribbed castings

## G27-75H

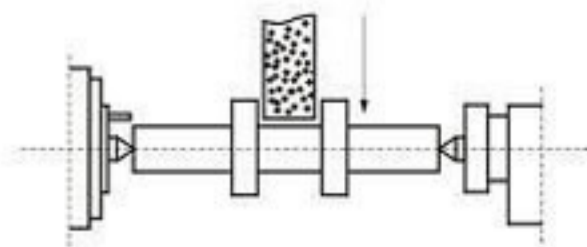

- Swing over table: 270mm
- Center distance: 750mm
- Wheel size: 405mm

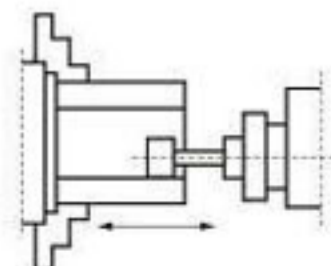

### GRINDING METHOD

- Traverse grinding

- Plunge grinding

- Internal grinding
